Step by step instructions on how to order; Answers to frequently asked questions; Videos to show you how to measure your child

The first step is to measure your child

You will need to measure your child and set up their profile to enable you to place an I-size order:

- Our online video shows you how to measure [click here](#)
- You will need a measuring tape, **simply print our printable measuring tape at home and follow the instructions provided to make sure it has printed to the right size/measurements before you use it.**

We urge you to use the tools on our website to help you order the right sizes.

- **If you need our help use I-size;** simply select "I need help to size my order". Provide your child's measurements and we will recommend the most suitable sizes to last 12-18 months.
- **If you are confident that you can to choose sizes yourself,** select "I know what sizes I need to order" and use the sizing information provided in the individual size tabs below each garment.

Not keen on sewing? Embroidered name tapes are available to order throughout the year. To make life easier we can also sew them into all of the items that you order, taking another chore of the list. Subject to demand the sew-in service is available for orders placed before **14th August 2020**. *Another good reason not to delay and order today!*

As soon as your order arrives please try everything on your child. If a garment does not fit, please order an alternative size online and return the unworn item(s) asking for a refund, using the postage free returns label on your receipt. Please note that name tapes are only sewn into the items on the original order and not on replacement items.

If you have questions about any aspect of the uniform, please email info@perryuniform.co.uk and one of our uniform advisors will be able to help you.

We wish you and your family well and look forward to working with you in the years to come.

Yours sincerely,

Caroline Bunting
